

Year 2 Summer Task

Over the summer holidays we would like you to research interesting facts about your Year 2 class animal. For example you could research:

- What is their natural habitat?
 - What do they eat?
- What are their young called?

You can present your research in any way you wish. You could make a poster, booklet, or make a 3D habitat with your class animal inside! The choice is yours. On the first day back in September, we would love to see what you have learnt and created ready to share it with the class.

Also don't forget to keep reading over the holidays! This doesn't just mean books. It could be a leaflet you pick up on a day out, the menu in a restaurant or reading a review of a film you want to watch. Here are some other ideas of what you could do over the summer.

<p>1 Can you create your own obstacle course? Time yourself. How long does it take you to complete it?</p>	<p>2 Where would you like to go? Learn about a country you'd really like to visit one day.</p>	<p>3 Set up a secret hideout. What will your spy name be?</p>	<p>4 Find a nice spot to lie down and look at the sky. What shapes can you see in the clouds?</p> 	<p>5 Create a video either on your own or with friends. You could sing a song, do a dance or read a poem or story.</p>
<p>6 Bake off! Can you bake some buns or biscuits? What will you call your creations?</p> 	<p>7 Can you write your own play script and act it out with friends?</p>	<p>8 Research a subject you've always wanted to know more about. Can you discover an interesting fact?</p>	<p>9 Stay up late on a warm summer evening. Watch the sun go down.</p> 	<p>10 Search the night sky. What can you see? Bats, stars, UFOs? Can you write a list?</p> 
<p>11 Design your own pizza. You could draw a picture of it or write the recipe. What will you call it?</p>	<p>12 Can you design a homemade board game and play it with friends or family?</p> 	<p>13 Sit quietly outside and listen. What can you hear?</p>	<p>14 Can you draw a map of your local area and add some interesting landmarks?</p> 	<p>15 Junk modelling! Can you collect some boxes and make a model?</p>
<p>16 Story time. Can you read a story to someone younger than you? You could even write your own!</p>	<p>17 Find a beautiful landscape and sketch it.</p> 	<p>18 Thank a community hero. Can you write a thank you letter to someone that helps people?</p>	<p>19 Paint rocks or stones with kind messages then leave them for people to find.</p> 	<p>20 Pack a picnic and head off somewhere beautiful to enjoy it.</p>
<p>21 Nature detective. How many different types of birds can you spot? Can you find out their names?</p> 	<p>22 Where is the most unusual place you can find to sit and read a book?</p>	<p>23 Can you make a kite? Plastic bags and sticks work well. Does it fly?</p> 	<p>24 Create a time capsule and bury it for people to find in the future.</p> 	<p>25 Make a daisy chain and give it to someone you care about.</p> 
<p>26 Use an old sock to make a puppet. Can you do a puppet show for your family?</p> 	<p>27 Have a paper aeroplane contest. Whose can fly the furthest?</p> 	<p>28 Get wet! Have a fun water fight with someone.</p>	<p>29 Pay a visit to your local library and choose a book to read.</p> 	<p>30 Can you create some 'wild art'? Collect some leaves and twigs to see what you can make.</p> 

We hope you have a fun summer and look forward to welcoming you to Year 2 in September.

Miss Bell, Miss Turner, Mrs Hutton, Miss Mihell
and Mrs Beasley
